

ISOGARD™ HD COVER BOARD

AN ADDED MEASURE OF PROTECTION

Cover boards can add strength and protection to a roofing system, enhancing the system's long-term performance. Elevate™ ISOGARD HD Cover Board is a high-compressive strength, ultra-lightweight, easy to install polyisocyanurate board that provides superior impact resistance and durability, while boosting the energy-saving value of the roofing system.

Manufactured with a coated fiberglass facer

Closed-cell polyisocyanurate (polyiso) core with ISOGARD™ foam technology

Incorporates blowing agent that contains no hydrochlorofluorocarbons (zero ozone depletion potential)

Mold-resistant material per ASTM D3273

**1/2" THICKNESS,
